How to change your voicemail greeting on android phone.

Your carrier provides and manages your voicemail. Contact your carrier for help with: Recovering or resetting your password/PIN for voicemail Replaying messages Saving, forwarding, or deleting messages Replying with or sending voice messages Changing number of rings before connecting call to voicemail Changing greeting or recorded name Changing notification options Changing mailbox language Listen to voicemail If you've set up voicemail, you'll see in the status bar when a new voicemail message arrives. Do one of the following: Swipe the status bar down and touch Or, touch, then touch & hold 1. When connected, follow your carrier's system prompts. If you listen to a new message and disconnect from voicemail without saving or deleting it, you will still see in the status bar. Manage your mailbox Do one of the following: Swipe the status bar down and touch Or, touch, then touch & hold When connected, follow the prompts to manage your messages and mailbox. To set your greeting: Touch > Touch & hold to dial into your mailbox. Follow your carrier's system prompts. If your voicemail is not set up, contact your carrier for instructions. Change voicemail options Touch > > Settings Touch Voicemail Touch Advanced Settings Change any of the options: To change voicemail service from your provider to another voicemail service or app, touch Service To change the number dialed to access voicemail, touch Setup To edit voicemail number: Go to > > Settings Touch Voicemail Touch Advanced Settings Touch Setup Touch Voicemail number Make any changes. Touch OK Tip: Touch *# to enter a pause or wait Answer To this question, there is no one response that is applicable to everyone. It's possible that the most appropriate approach to say hello to someone using an Android device may change based on the user's individual choices. On Android, however, the following are some of the most typical methods to say "hi" or "goodbye." How are you this morning, midday, or evening? "Good morning" or "good afternoon," whatever comes first. "Hey there," or simply "Hey there." How are you feeling? "How have you been?" FAQ How do I go about changing the voicemail message that I have on my Samsung? The method of altering your voicemail message on Samsung devices may be different depending on the brand of phone you have and the version of Android that it runs. Because of this, there is no one solution that will work for everyone when it comes to this subject. On the other hand, some of the ways to change your voicemail message on Samsung phones include going to the phone's main menu and selecting "Settings," then scrolling down to "Voicemail," selecting "Change Message," and entering a new message. Alternatively, you can go to "Settings" on the phone's home screen and select "Change Message" directly from there. How can I modify the greeting that plays when I pick up my phone? Changing the welcome that plays when you pick up your phone may be done in a few different ways. You may access the greetings tab by going to your settings, clicking the "messages" page, and then clicking the "greetings" tab. You have the option of selecting a new message or adding a new one there. You also have the option of going to the "phone" section of your settings and selecting the "message greetings" option there. From that point on, you will have access to a plethora of various messaging options. I'd want to update the welcome that plays when I call your voicemail. Yes, you can modify your voicemail greeting on your phone. Launch the voicemail app, then go to the greetings area from the main menu.
