Connect random letters together to form words and delete how many lines is possible! Of Ken Michaels, a guest of the writer of Shakepeare, à «AMLETOA», Polonio asks the Prince: à «What reads, my lord?" Not at all satisfied with what reads, Hamlet replies: à «Words, words, words». I already described the communication model in which a sender encodes a message and then sends it through a channel (or a half) to a recipient, which decodes the message and, ideally, understands what was sent. Surely the most common way to encode a message is to choose the most words for the listener or the reader. In the case of Hamlet, he did not like what he read that he described it elementally, as simple words, rather than as a message. So I thought I'd give a little ink to the words. "Nym" Words have a specific meaning Words ending in nym describeof words. Some of the most frequently used NYM words are synonymous (means the same as); Antonimo (means the opposite of); Somonym (it has the same sound as); And acronym (a word derived from the first letters of a more complex term, such as Scuba or AIDS). Homo means à º à,~ à "SAME, à º à,~ à and Straight means à º à,~ à º à,~ à" Different.à º à,~ à "Therefore, if there are homonyms, it is going to reason that There are also heterosimony. While the homonyms have the same sound but different spells (as a pair and pear similar), heterosimics are written the same but have different meanings and, often, pronunciation: a person who sews is a sewer, but a Repository for waste products is a sewer. Sewer, therefore, is a heteronimo. But the NYM word lexicon does not end here. One of the websites I recently visited 2 lists no less than 26 words Nym, many of the What are rather arcane and interest for relatively few. Some are decidedly funny. We really need a word to mean another word composed of two identical parts? If yes, then Tutu, Pawpaw, Yo-yo, and bye bye they are the taturimes. A couple of weeks of return, my à º
